

# Ohio Legislature.

**Senate, Feb. 22.**—Bills for local corporations, such as towns, churches, and bridge companies, occupied the Senate the greater part of the day. One of the bills ordered to their third reading—that for the incorporation of the city of Chillicothe—consisted of only thirty-one sections, spread over precisely twenty-one pages of fool cap paper. Another bill, of still greater length—thirty-three sections and twenty-three pages—to incorporate the City of Maumee, is hanging over the Chamber like a black cloud. The great dramatist, who wrote—

"All things have an end,  
And to it come,"

had never seen a bill to incorporate two or three thousand men, women and children, in the back woods of North America.

**House.**—Very busily engaged in the forenoon. In the afternoon it did not sit; partly in honor of the day, partly on account of the noise and stir that was going on out of doors.

The committee on banks and the currency have made their report. But a small portion of it was read, and we have no means of ascertaining its character. It is somewhat lengthy, and we believe, comes from the pen of Anthony H. Dunlevy, Chairman of the Committee. The minority of the committee, we are informed, dissent from it. That of course,

It is proper in this place to mention, that the Hall of the House of Representatives was tastefully decorated by festoons of evergreens, in honor of the Birth Day of Washington. This to be placed to the credit of the Sergeant-at-Arms of the democratic branch of the Assembly—Major Cook. The Major's patriotism is highly commendable.—*Four. & Reg.*

The Cincinnati Philanthropist hopes that Clermont county will send a Representative to the Assembly next winter, who can tell a man from a dog. The suggestion is certainly worthy of consideration.—*Journal.*

The Albany Argus styles the Whig party "the Bank party." The three proprietors of the Argus are Directors in three of the Albany City Banks.—*Id.*

A young man was arrested in Cincinnati on Thursday week, on suspicion of having in an improper manner, possessed himself of a check, drawn by the Merchant's Bank of New Orleans, on the Bank of the United States in favor of H. B. Funk, for \$600. The check had been mailed in New Orleans, and the letter which had enveloped it was found on the person of the young man. The prisoner alleged that he had obtained the check from two other persons who were also arrested, and in default of bail, all three were committed. The check is supposed to have been abstracted from the mail.—*Columbus Register.*

The Cleveland Herald contains the following as a Postscript. This is the third time this Theatre has been burnt to the ground:—"The Bowery Theatre in New York, (completed about a year ago) was burned to the ground on the 18th inst. The side walls only were left standing. Several other adjacent buildings were also consumed. It is not known how the fire originated, but is said to have been the work of an incendiary.—A black man, who slept in the loft of the stable adjoining, was burned to death."

**OCEOLA.**—We have not taken up an exchange paper for several days, without stumbling upon an outpouring of sorrow and sympathy in reference to the demise of the unfortunate man whose name heads this paragraph. Those who have exhibited feelings of regret, may be accused of political prejudice or mawkish sensibility; but accusations are preferred by those who are blinded by their own dogmatism. If there is any act in the life of Gen. Jesup, the remembrance of which should cause a blush of shame and mortification to tinge his cheek, it is the capture of Ocoela, the miserable trick by which he secured the bold and hardy chieftain. Public opinion has been fully expressed in relation to this matter. We can add nothing new.

We merely intended in the commencement, to remark that the press—the great engine of reform, was nearly unanimous. If there is anything which can cause the laurels which Gen. Jesup has won, and may win, in Florida, to fade and wither, it is the disgrace of Ocoela's capture.—*Daily News.*

**WESTERN RAILROAD.**—A correspondent requests us earnestly to recommend to the attention of the public, the unanswered report of the legislative Committee, in favor of the loan of the credit of the State for seventy per cent. to the Western Railroad Corporation. The passage of the bill which the committee have brought in will most eminently advance the good of the whole people of Massachusetts. There is not a patch of soil from the Cape to the western line, but will eventually realize the benefits of this road.—*Boston Courier.*

A public dinner was given at Washington, on the 10th inst. to Messrs. Prentiss and Word of Mississippi, by their Whig friends.

**FIRE AT BUFFALO.**—A fire occurred at Buffalo on the 20th inst. which destroyed property to the amount of five thousand dollars—no insurance. It originated in the Saddle establishment of Vosburg & Cook.

**EUROPE.**—The Sylvie de Grasse arrived at New York on Wednesday, from Havre, bringing accounts from Paris to the 1st, and London to the 3d of January. The French Chamber of Deputies were in session, and for the seventh time M. Dupin was chosen President thereof. There is no political news. A new Ministry had been formed in Spain, of which Count Orlaia was the head.

**ACCIDENT.**—A boiler of the steam engine, at the East Boston Sugar House burst a few days since, and several persons severely scalded.

The N. Y. Courier and Enquirer reports the case of two Irishmen, father and son, named Bamber—who were arrested in that city, on Wednesday last, on a charge of murdering, nine years ago, in Ireland, a man named West, who, at the head of a Police force, was sent to arrest them. By the advice of council, they refused when brought up to say anything. They were committed—but a motion for a habeas corpus has been made in their behalf.

**COTTON.**—A large proportion of the shipments of cotton now making from New Orleans, are said to be on owner's or rather planter's account. We hazard little in saying that the country will gain nothing by these attempts at exercising two callings. "Let the Cobbler stick to his last."—*Mobile Chronicle.*

A new Clay paper has been commenced at Vergennes, Vt. which professes Whig principles, and advocates the election of Henry Clay to the Presidency.

The "Conservatives" in Connecticut held a State Convention at Hartford on the 8th inst. and have nominated Elisha Phelps, of Simsbury, for Governor; Thomas Clark of Mansfield, Lieut. Governor. The Convention was fully attended by about 225 delegates—from every part of the State—and appointed State and Congressional Committees, &c., to complete a full organization of the party, preparatory to the next election. Loco Focoism will hereafter receive no quarter in the land of "Steady Habits."—*Troy Whig.*

**CHICAGO AND NEW YORK.**—By the report and estimates of J. D. Allen, Esq. it is estimated, by calculating railroad speed at 17, and steamboat at 12 miles an hour, that the transportation of passengers can be effected from New York, via Albany, Utica, Oswego, &c. to Chicago, in sixty one and a half hours, thus: From New York to Albany, 150 miles, by night steamboat, 10 1-2 Albany to Oswego, 163 miles, day rail road, 10 Oswego to Hamilton, 160 miles, night steamboat, 12 1-2 Hamilton to Detroit, 192 or to Huron, 136 miles daily R. road, 11 Detroit, or Huron to Chicago, day and night railroad and steamboat, 16 1-2 Making, in all, 61 1-2 hours. From Boston—time the same.

The Report adds—"In a further time of ten hours, the traveller may reach the Mississippi, or one of its chief tributaries in less time, and may complete the journey to New Orleans within eight days of his departure from the city of New York, or from Boston"—and this too, without losing a meal, or a night's rest.—*Troy Whig.*

**PROSPECTIVE ECONOMY.**—Hon. Silas Wright's Sub-Treasury Bill appropriates half a million of dollars for the construction of buildings, safes, vaults, fixtures, &c., for the convenience of those who have charge of the public funds, and to store the gold and silver for the office holders. Besides this, the Receivers General and under Secretaries are to have salaries of from three to five thousand dollars each, for superintending the precious stuff. Won't the party have glorious times, if the bill only passes? "Down with the Bank!"—*Poughkeepsie Eagle.*

The Richmond Whig states, as an evidence of the weakness of the Administration in Virginia, it may be remarked that not a single proposition introduced into the Legislature, responds to the Currency project of Mr. Van Buren. They all talk about his wisdom and firmness, yet they repudiate his measures. Not one leader has the courage to introduce a resolution approving Mr. Wright's bill. The Whig adds: "We repeat our opinion, that the bill now before the Senate cannot get sixty votes in approval, in the two houses of the General Assembly."—*Troy Gaz.*

**SUDDEN AND MELANCHOLY DIVORCE.**—Mr. Wm. B. Saunders, a young man of 23, was killed near Basking-ridge, New Jersey, on Thursday morning last, by the kick of a horse. He was married the day previous.

William A. Adams, of Muskingum county, James T. Worthington, of Ross county, and Joseph Ridgway, jr. of Franklin county, have been appointed by the Legislature commissioners to superintend the erection of the new State-house provided for by a law of the present session.—*Tiffin Gaz.*

**FATAL RIDE.**—John Biggs, a youth of 21, was riding a horse that had been used as a racer, near Van Devere's Mills, Somerset county, New Jersey, on Thursday last, when the animal ran furiously down a steep hill, and fell with such force against a fence, that both horse and rider were instantly killed.

**IMPORTATION OF WHEAT.**—Foreign wheats are beginning to reach this market in large quantities. Within the last three days there have been arrivals of not less than fifty thousand bushels from Bremen and Rotterdam. There can be but little doubt that the imports will continue.—*Baltimore American.*

The Senate of Kentucky have passed a resolution against the Sub-Treasury system, by a vote of 26 to 11; and one in favor of the United States Bank by 28 to 9. The bill to compel the Banks to resume specie payments has been indefinitely postponed in the House of Representatives. The bill to relieve the Banks has passed the Senate by a vote of 24 to 8.

The Mercantile Journal says that several attempts have been made to set fire to buildings in Charlestown, Mass. within a short time.

**NAVAL.**—United States sloop of War St. Louis was at Curacao Jan. 18th, from a cruise.

The sloop of War Boston sailed from Key West, on a cruise, and was spoken 31st. off the Moro, all well.

The army and Navy Chronicle says that Commander Gregory has been nominated to the Senate for promotion to the rank of Captain, and that his acceptance of the command of the Exploring Expedition, will depend upon the result of his nomination.

A cotton factory occupied by Mr. Joseph McCarter, in Cheltenham, Pa., was destroyed by fire on the 28th ult., with all the stock and machinery. Loss estimated at \$7000.

The Quakers of Middlebury, York-shire, have voluntarily given 400 pounds towards the erection of a church in that flourishing town, where they are owners of considerable property.

Nothing important from Washington city.

**DIED.**  
At North Bend, on Thursday evening, Feb. 6, Wm. H. HARRISON, Jr. in the 36th year of his age. The deceased was the second son of Gen. Harrison, and was a man of all the excellent qualities of a clear head and a most benevolent heart. He was educated for the legal profession, in which he commenced a brilliant and successful career. He has long been the victim of painful disease, from which he is now at rest.—*Cin. Gaz.*
